Protecting & Improving  
the Health of Iowans

Much of the work done by the Iowa Department of Public Health involves the gathering and distributing of information about health-related activities in the State of Iowa. The Bureau of Information Management is responsible for making sure that this vital two-way flow of digital information is secure and uninterrupted.

The bureau provides network and server management, desktop computer and printing support, application design and development, database design and administration, web-based information collection and delivery, project analysis and management, and many other important services to the department and the citizens of our state.

## Did you know?

Information Management maintains the Department's portfolio of over 90 applications with users from internal IDPH staff, local public health agencies, IDPH contractors, hospitals and clinics. Over 400 Help Desk tickets are submitted to Information Management each month.

## Why is Information Management important to protecting and improving the health of Iowans?

- We exist to provide the technology infrastructure and support to enable Public Health to fulfill its mission of promoting and protecting the health of Iowans.
- We develop, maintain, and support technology services used by programs to serve Iowans.
- Your information is secure. When it comes to security, we serve as policy advisor to IDPH leadership and implement measures to ensure confidential data is safely stored and secured.
- We fill the role of data custodian for the department which means we're responsible for data storage & maintenance.

## Which Iowa Public Health Goals are we working to achieve?

Strengthen the health infrastructure

Prepare for, respond to, & recover from emergencies

## What do we do?

- Develop and support websites including the IDPH website, providing the public with access to public health information
- Provide front-line help desk support for department programs, local public health agencies, IDPH contractors and other users
- Design, develop, and support computer software, equipping IDPH programs and partners to fulfill the department's mission.
- Store and secure data programs collect and use to write grants, improve services and make policy decisions
- Maintain and support IDPH technical infrastructure, computers and hardware for all department employees
- Offer technical consultation services to support programs, including project management, business process improvement, and RFP development.

## How do we measure our progress?

### 1 Customer Service: Number of information management (IM) tickets logged, resolved, and backlog.

Data Source: Program records. 2015 Q1 data is unreliable due to a data loss in February 2015. Q1 2015 data not reported due to potential data discrepancies.

**How are we doing?** In 2015, 78% of requests were, on average, completed within 1-business day (up 1% from 2014). Due to data loss with our Help Desk system in February, data for Q1 2015 is not available.

## What can Iowans do to help?

1. Iowans can use the IDPH website to find accurate health information. Go to <http://idph.iowa.gov/>.
